Recently in Housing...

Many of you are aware of Resident Life Programming's recent acquisition of multiple Wii gaming systems. You may not be aware, however, of Resident Life Programming also having **Wii Fitness, Wii Sports, Wii Play, Super Smash Brothers Brawl, Mario Kart & Wheels, Star Wars Force Unleashed**, and several other games that are too much fun to list here.

"Why does RLP have these games?" you may ask yourselves. The answer is Wii Night. On Friday, October 4th, the first Wii Night was held in Kehau Lounge. There was FREE pizza and no cost to play the games. Needless to say, it was a great time.

October 24th kicked off the beginning of Wii Nights. RLP is currently looking for a new location, so a date for the next Wii Night has not been set yet. Once a date has been set it will be announced in Around da House and

Playing Wii on Wii Night

through posters put up around Resident Halls.

Additionally, Resident Life Programming recently held this semester's first trip to the Zoo! On Saturday, November 1st, students played at the petting zoo and danced at the lemur cage. If you're interested in another Zoo trip, or in a trip to other locations you want to see, come to the RLP office in Ikena and we'll discuss it.

Having a blast at the Zoo

What has been your worst experience while at the beach?

"The first beach I had gone to in Hawai'i was a nude beach. The only people nude were old people and little kids. It was absolutely HORRIBLE!! On top of that, people were getting "High off Life" if you know what I mean, and the waves nearly killed you getting in and out. I still don't know why I decided to go???"
-Robbie

"I was surfing down at Pololu and got stung by two Portuguese Man-O-Wars. It wasn't as bad as I expected it to be, but definitely kept me out of the water for the rest of the day."
-Anne

"I was swimming underwater with my eyes closed and ran straight into a Green Sea Turtle. It hurt..their heads are so hard. Oh, the turtle was fine."
-Anonymous

The guy from down the hall decided three of us should go to the beach. We went and all of our stuff was stolen; room keys, wallets, cameras, even towels and sunscreen."
-Alex

"I was digging through sand and accidentally stuck my hand into a bunch of volcanic glass. It cut my fingers down to the bone. All I had for band-aids was a bunch of toilet paper."
-Richard
