

University of Hawai'i at Hilo

Missed the graduation application deadline?????

We're sorry you missed the deadline. We have to impose a deadline to accommodate the intricate and timely processing of applications received and to meet numerous requests for information pertaining to the graduation candidates. Again, we're sorry that you missed the deadline but offer the following suggestion.

Provided that you have submitted a graduation application for the subsequent semester, you may elect to participate in the Commencement ceremony. Be advised that participation in Commencement does **not** imply a degree or certificate will be issued or conferred.

If you'd like to participate in Commencement, please complete the form below and submit to the UH-Hilo Office of the Registrar **BY the last day of instruction for the semester**.

As you do not qualify as a candidate for graduation, we cannot include your name in the Commencement program. Your name will be included in the Commencement program for your official graduation term.

After final grades are processed, you may request a "Letter of Completion" **if** you actually meet degree or certification requirements. The Letter of Completion verifies that you have met graduation requirements and specifies your actual degree or certificate conferral date. In general, these letters will be available approximately 4-5 weeks after the semester you completed your final coursework.

Yes, I would like to participate in the _____, 20____ Commencement ceremony. I understand that participation in commencement does **not** qualify me for a degree or certificate conferral. I have submitted a graduation application for the subsequent semester and will be listed as a candidate for graduation in that semester or session.

Degree/s applied for: _____

Name: _____ Date: _____

Current Mailing Address: _____

Current Phone Number: _____

UH Email: _____@hawaii.edu
