Source: UHAPP_IROFZ_IRO_BASE, Fall census where student campus first term academic history equals specified Fall term or the immediately preceding summer (registration statuses F & T), Left Join to compiled comprehensive subsequent term enrollment table, then excluding students who'd graduated from UH Hilo in a term prior to the specified Fall Cohort year, or who'd actually been found to have had active enrollment preceding the Fall Cohort year which "appeared" to be their first term campus academic history. Thus working counts of new First Time Freshman (FTF=Y) and new transfers (FTF=N) may not match census counts published elsewhere. Also, note that students from cleaned Fall Cohorts who graduate in a subsequent term are excluded from latter term enrollment counts--in the event they re-enroll post-baccalaureate.No attempt is made, as in IPEDS reporting--to officially exclude students deceased or on active military duty.
