

UHHS SENATE REPORTS

NAME: President Kelson Ho'omano Pakele
RPT TYPE: Executive Committee Presidential Report
SENATE MEETING: 09-010
DAY OF WEEK: Friday
DATE: Sept 4, 2009

Senate Member Shadowing

- 1) If you'd like to begin shadowing with anyone in particular who would be qualified for your current position I encourage you all to start looking. Even if you can't find someone who will know for sure who is around for the next year or is completely sure who will be around next year I still encourage you to promote your positions to other students who may be even a little bit interested in UHHS in any capacity.

Senate Member "Sit Ins" for reports

- 1) As we have all discussed stipend requirements about having reports from meeting with Deans and Faculty Senates, I would like to propose suggestions for any senators who are having difficulty with their schedules.

Even though all senators are required to report either bi-weekly or monthly (depending on the report) if you are unable to physically meet yourselves with academic officials you may find representatives to meet in your place and liaise for you. As long as all senators are making the effort to meet yourselves and honestly find yourselves without the time, this option is very viable. Please make sure you fully understand information shared with representatives as if answers are asked during a report the representative isn't needed to be present at the meeting. Also note that you will have to give credit where it is due in your report and recognize your representative you are working with to complete these parts of your senatorial duties.

Promote Open UHHS Positions

- 1) UHHS needs to start promoting our open positions as we already have fellow students submitting applications for Data Director. We need to provide at least a 2 week window to allow for anyone to submit applications who are interested in either CoP or Grad Student Positions. I actually am considering opening up a special election for these positions because they are new and would like to have some sort of running this first time around.
- 2) We may need to freeze the constitution as I have been informed by fellow senate members in order to allow for applicants that are interested in the Data Director position that don't have 1 year CSO executive experience. I

understand that we may have to send a memo to Luoluo Hong the Vice Chancellor for Student Affairs to get this accomplished but I will follow up and make sure we get this squared away soon in order properly promote our open positions.
