RPT TYPE: College of Arts and Science Dean Report
SENATE MEETING: 09-014
DAY OF WEEK: Friday
DATE: October 2, 2009

September 8, 2009

College of Arts Science Dean Dr. Randy Hirokawa's agenda during this meeting solely consisted of informing UHHS of the grim budget cuts that were imposed on the University Hawaii Hilo. Dr. Hirokawa gave a rough estimate of 6 million that would be cut from UH Hilo. Dr. Hirokawa stressed that UHHS should take an active roll in informing the students of the serious budget cuts because of the repercussions that will follow such as: the reduction of professors and the increase of class sizes. These repercussions will ultimately extend the length it takes students to graduate.
